#### ART. 4 – IMPLEMENTING PROVISIONS

4.1 Where the requirements for joining the Juventus Official Fan Club project are met, the club's legal representative must send the necessary documentation, including the Framework Agreement signed "for acceptance" by the Chairperson and by the majority of the directors of the Club's Board, following the procedures indicated on the website [www.juventus.com](http://www.juventus.com)

Juventus Official Fan Club section. The Chairperson of the Juventus Official Fan Club indicated in the application for membership with the Juventus Official Fan Club project must correspond to the club's legal representative as indicated in the Memorandum of Association of the same club or in a subsequent resolution of the associates to be attached to the application.

4.2 In addition to a registered office, clubs may also have an operating office. The operating office of the club, if not the same as its registered office, must be specified in the section CLUB REGISTRATION CARD in the dedicated area on the Juventus Official Football Club Portal.

4.3 Local chapters: Sections or, in any case, local sites of Juventus Official Fan Club cannot be accredited. Therefore, Juventus Official Fan Clubs organised in federations of sections are considered overall as a single Juventus Official Fan Club (e.g. Juventus Official Fan Club Nord-Est bianconero, etc). The designation "Juventus Official Fan Club" to a simple section without the indication of its status is forbidden (and must be considered to be unauthorised) and the constitution of a section in a Municipality where there is already another Juventus Official Fan Club is not allowed. All Juventus Official Fan Clubs are forbidden to publicise one of their sections so as not to cause damage to the Juventus Official Fan Clubs located in municipalities adjacent the section. The correct name of a section must be, by way of example: Juventus Official Fan Club Torino - Vinovo section. The activities and purpose of a section must be limited to the dissemination to its members of information provided by the reference Official Fan Club. Therefore, sections' profiles on social media must be exclusively private and be accessible only to the members of the section. In the event of breach of the aforementioned prohibition, the Juventus Official Fan Club to which the section belongs will also be held responsible and this may also lead to the services suspension and/or interruption.

Even though no exclusive territorial character is recognised to the Juventus Official Fan Clubs from an operating point of view, Italian Juventus Official Fan Clubs are forbidden from constituting sections in geographical regions other than those in which the reference Juventus Official Fan Club is located.

4.4 Juventus Official Fan Clubs with registered office and/or operational headquarters in the same Municipality and/or district of another previously recognised Juventus Official Fan Club may not be authorised, except in specific cases expressly approved, at the sole discretion of Juventus, when circumstances justify said exceptions, such as the territorial extension of the Municipality concerned. The Juventus Official Fan Clubs, especially those located in the same geographical micro-area, are required to comply with this Agreement and, above all, with the rules of civil coexistence (education, loyalty, fair play and mutual co-operation).

4.5 Recognition as a "Juventus Official Fan Club" and access to the services of the Juventus Official Fan Club project are subject to the purchase and payment, by each Juventus Official Fan Club, of the following minimum number of JOFC Member Packs:

- for Italy: 80 JOFC Member Packs;
- for other European countries: 30 JOFC Member Packs;
- for non-European Countries (not geographically located on the European continent): 20 JOFC Member packs;

4.6 Applications to join the project can be sent to Juventus according to the procedure indicated on the [www.juventus.com](http://www.juventus.com) website, Juventus Official Fan Club section, starting from 31 May 2022, date of the opening of the campaign to join the Juventus Official Fan Club project.

The following deadlines will be strictly enforced:

1. 30 NOVEMBER 2022: deadline for the club's affiliation to the "Juventus Official Fan Club" project through the signature of the Framework Agreement (and delivery of the required forms for the new clubs) and the purchase of the minimum number of JOFC Membership Packs as indicated in article 4.5 above. After this date, if the minimum number of JOFC Member Packs purchased is not reached, the association will not be able to obtain recognition as a Juventus Official Fan Club and join the related project. Any JOFC Member Packs already purchased will be refunded to the association, without either the association or the individual Members having the right to any claim against Juventus for not having obtained access to the services;
2. 31 MARCH 2023: the deadline for the purchase of JOFC Member Packs beyond the minimum number referred to in article 4.5 above. By 31 March 2023, the Chairperson and/or contact person of each Juventus Official Fan Club may supplement the details of the members holding a JOFC pack, in accordance with the procedure described in the appropriate section, and communicate the related credentials to the Chairpersons. The same person may not purchase more than one JOFC Member Pack during the same football season, through different Juventus Official Fan Clubs, under penalty of immediate interruption of any service connected with the JOFC Member Pack.

Therefore, at the time of registration of a Member, each Juventus Official Fan Club is required to ask the latter to confirm that no such impediment exists.

Late or non-submission of even just one of the necessary documents by the deadline and terms established by the procedure, will result in the automatic rejection of the application to the Juventus Official Fan Club project by the aforementioned club for the relevant football season.

4.7 The Juventus Official Fan Club acknowledges and accepts that Juventus reserves the right to reject an application to the Juventus Official Fan Club project, at its sole discretion, denying for example the recognition as Juventus Official Fan Club to:

- (i) clubs whose managers and/or associates in the previous football season or more generally in the past behaved in a morally or materially deplorable way towards members of their own or other Juventus Official Fan Clubs and/or fan clubs, individual supporters, Juventus and/or public authorities;
- (ii) any fan club that is not in line with the principles set out in the Framework Agreement (article 2), or that is not deemed compliant with and suitable to guaranteeing the key principles that underpin the Juventus Official Fan Club project or whose company purpose does not include the promotion of sports values and the principles of loyalty and fair play set out by Juventus in its Code of Ethics (officially approved by the Board of Directors on 9 November 2015);
- (iii) clubs that do not meet the requirements expressed in article 3 of the Framework Agreement.

Juventus will communicate, according to the methods indicated on its website, the recognition of associations that are admitted to the project and that can take on the status of "Juventus Official Fan Club" (hereinafter referred to as "**JOFC Associations**" or "**Juventus Official Fan Club**")

6.1 The Juventus Official Fan Club subscribing to the project must comply unconditionally with laws, rules, provisions, regulations and decisions adopted by national institutions, by organisations regulating the world of football and by Juventus, and in particular with the applicable legislation.

6.2 The Juventus Official Fan Club undertakes to promote among its members the affiliation stipulated with this Framework Agreement through its internal communication tools and with the most effective methods, possibly agreed with Juventus.

6.3 Affiliation to the Juventus Official Fan Club project entails the obligation to keep fan support within the limits of correct behaviour and the rejection of any type of violence, racism and obscenity. Juventus reserves the right, upon the request of Police authorities and at any time during the football season, to request - in compliance with article 6 of Italian Law no. 401 of 13 December 1989 on formal cease and desist orders or orders prohibiting stadium attendance - a statement certifying that no Member of the relevant Juventus Official Fan Club has been subject to such orders. If a Member becomes subject during the current season to a restriction procedure (DASPO), they must be immediately expelled by the Juventus Official Fan Club, under penalty of suspension of the Juventus Official Fan Club from all the services referred to in this Framework Agreement.

6.4 The Juventus Official Fan Clubs must store at their registered office all the application forms, duly filled and signed by the respective members, in order to produce them in case of inspections, disputes or other procedures involving public institutions, supervisory bodies and legal authorities. Juventus may require these documents to be produced at any time.

6.5 The Chairperson of the Juventus Official Fan Club must ensure that all the data relative to the members, which is shared with Juventus through loading of the same to the reserved area of the Juventus Official Fan Club Portal are correct and perfectly reflect the information reported in the application forms and undertakes to request and upload a copy of the identity document of each Member in order to allow Juventus to check identities. The legal responsibility for the truthfulness of all the data uploaded to the Juventus Official Fan Club Portal remains with the Chairperson of the relative Juventus Official Fan Club. Once members are activated, the Juventus Official Fan Club will no longer be allowed to amend the data included in the reserved area. Amendments can only be made by Juventus upon the express request of the same Juventus Official Fan Club.

6.6 The Chairperson and the contact person of each Juventus Official Fan Club must communicate to the members:

- (I) the information on the purposes and methods of processing of the personal data collected through the compulsory compilation of the application form (downloadable from the reserved area of the Juventus Official Fan Club and which must exclusively be archived at the office of the relevant Juventus Official Fan Club), attached to the same application form;
- (II) the general membership conditions of the individual Member in the Juventus Official Fan Club, as well as
- (III) all the news and important notices published by Juventus in the Juventus Official Fan Club Portal (e.g. dates for the booking of services with relative deadlines, etc.) with a binding value.

## **ART. 7 - RELATIONSHIPS AMONG JUVENTUS OFFICIAL FAN CLUBS and RELATIONSHIPS WITH THE PRESS**

7.1 To coordinate the activities and relationships between the Juventus Official Fan Club throughout the country, Juventus may identify, each year, regional liaison officers who will collaborate voluntarily and free of charge. The regional liaison officer is a Member (not necessarily the Chairperson of the Club) identified in conformity with the assessments entrusted exclusively to Juventus's managers and does not have power of representation in relation to Juventus. The liaison officer contributes to promoting, on the basis of their knowledge of the region and/or the specific geographical area where they usually reside, collaboration and cooperation between all Juventus Official Fan Club in all aspects of club life. Juventus identifies a maximum of two liaison officers for every Italian Region. The liaison officer may be removed from the office any time at Juventus' exclusive discretion.

7.2 In the performance of their functions, the Juventus Official Fan Club managers (all the components of the Club's Board) and the regional liaison officers may only grant interviews to national and/or local news organisations (both press and Web and TV) on their relationship with Juventus subject to the written agreement of the latter, notwithstanding freedom of opinion and freedom of expression, for the sole purpose of avoiding misunderstandings or to share incorrect and/or unchecked information on Juventus. Therefore, before granting interviews or issuing official statements, the Club manager and/or the regional liaison officer who are interested in granting an interview must request from Juventus the relevant authorisation by sending a request to the dedicated email address. A similar commitment will be undertaken directly by those responsible at the time of designation.

The Juventus Official Fan Club managers (all the components of the Club's Board) and the regional liaison officers also undertake to use their own social networks exclusively in accordance with the principles indicated in article 2. In particular:

- social media must be used in accordance with the rules of good sense;
- offensive opinions on Juventus' footballers and sport personnel and third parties must not be shared, as they are a breach of the obligations of good faith and correctness;
- no confidential information or materials owned by Juventus (videos, photos, internal documents or others) may be published.

## **ART. 8 – NON-COMPETITION AGREEMENT**

For the obvious reasons of the protection of exclusive intellectual property, Juventus Official Fan Club must undertake not to engage in activities in competition with those of Juventus, in particular the Juventus Official Fan Club is prohibited from directly or indirectly market tickets and/or season tickets other than as directed in this Framework Agreement, nor is it allowed to market unofficial or unauthorised merchandising products.

## **ART. 9 – USE OF THE JUVENTUS OFFICIAL FAN CLUB TRADEMARK**

9.1 The JOFC Associations are authorised exclusively to use the distinctive Juventus elements included in the official personalised graphic pack provided by Juventus, which includes a logo as for example sub-Annex 1A and the images to be used in their own social networks (Annex 1B). The provision of the above mentioned official graphic pack does not entail in any case the assignment or licence of rights on the Juventus trademarks, since the right of use can be exercised only in accordance with the Juventus' provisions. For any use other than as indicated in the guidelines provided with the official graphic pack, an explicit prior written authorisation must be provided from Juventus to the Juventus Official Fan Club.

9.2 Use by the relevant Juventus Official Fan Club of the Juventus trademark and of any elements of its intellectual property, without the written authorisation of Juventus, is an express termination condition due to the actions and the fault of the Juventus Official Fan Club.

In particular, the following are forbidden:

- (i) the manufacture, marketing, transfer and advertising of materials, products and items of clothing bearing Juventus and Juventus Official Fan Club trademarks and logos;
- (ii) the registration of trademarks and/or domain names containing the terms "Juve", "Juventus", "Juventus Official Fan Club" and any other signs similar to Juventus' trademarks;
- (iii) the registration, management or promotion on any social network of accounts bearing the name, signs and trademarks of Juventus, with the exception of what is provided in the official graphic pack.

9.3 Breach of the aforementioned prohibitions, as well any other unauthorised, altered, personalised use of the intellectual property of Juventus, including the Juventus trademark as well as the logo of the Juventus Official Fan Club is an express termination condition of the authorisation of the distinctive Juventus elements included in the official graphic pack due to the actions and the fault of the relevant Juventus Official Fan Club. The breaches referred to in the previous paragraph, in addition to being the reason for revoking the authorisation to the use of the Juventus Official Fan Club graphic pack, constitutes a serious breach (with the consequences detailed in articles 10 and 14) and will be punishable by Law as counterfeiting.

#### **ART. 10 – BREACHES AND PENALTIES**

Juventus reserves the right to suspend at any time the provision of services to the Juventus Official Fan Club, and therefore to its Members, in those cases where the Juventus Official Fan Club or its Members have been found liable for particularly serious behaviour towards Juventus, other Juventus Official Fan Clubs and/or against Members of the Juventus Official Fan Club or who have in any case carried out acts or facts in violation of the Applicable Legislation.

Any temporary suspension with regard to the Juventus Official Fan Club will be communicated to the Juventus Official Fan Club in question and to the relevant regional liaison officer through communication via email or certified electronic mail, to the address provided in the CLUB CARD available in the JOFC portal. Members who are not liable for the aforementioned violations will exceptionally be given the opportunity to change Juventus Official Fan Club within the time frame of 10 (ten) days, starting from the communication sent to them by Juventus.
